RE: Ski & Snowboard Packages

Ski Clubs do a wonderful job promoting skiing and snowboarding. They also work collectively to save their members money and give them an opportunity to ski more often. Research has proven that “the more people ski, the more they ski”. The same is true for skill levels, the better people get the more they participate and they have more fun.

French-Swiss tries very hard to offer ski and snowboard packages that are affordable and assist people in the improvement of their skills. Enclosed is information about our special ski and snowboard packages, as well as the Race Workshop information.

These special packages are designed to help people improve at a very affordable rate and there are no minimum numbers required. Give us a call if we can be of any assistance.
